無線射頻辨識標籤和泊車證簡易安裝指引

以下為會員簡單地列明安裝無線射頻辨識標籤和泊車證的步驟:

當收到無線射頻辨識泊車證套裝後，會員請先核對列印在封套上的車牌號碼，以及確定封套上的標籤號碼與內附的無線射頻辨識標籤上的號碼一致。

確認擋風玻璃是否裝有防紫外光金屬膜，這將影響無線射頻辨識標籤的安裝位置。

確定無線射頻辨識標籤和泊車證擋風玻璃上的安裝位置後，請徹底清潔和抹乾相關位置。

請將無線射頻辨識標籤和泊車證穩固地安裝在車輛上。

您車輛的擋風玻璃是否裝有原廠配置，或出廠後安裝的防紫外光金屬膜？

有防紫外光金屬膜 | 沒有防紫外光金屬膜 | 我須要安裝在電單車上

為方便您查閱，我們編製了一份擋風玻璃備有原廠配置防紫外光金屬膜之車輛型號名單。我們力求編製截至2018年5月為止的準確和完整名單，但惟不能排除仍有遺漏之可能。如果您車輛的型號未有編列在名單上，請查閱您的車主手冊或向您購置車輛之代理查詢。您亦可致電會員熱線1812查詢，或聯繫各會所之禮賓部尋求協助。

有防紫外光金屬膜

擋風玻璃有防紫外光金屬膜車輛適用

1 請先徹底清潔及抹乾車廂內擋風玻璃中央上方的位置(即倒後鏡背面沒有金屬膜位置)。請注意無線射頻辨識標籤必須貼在倒後鏡背面的擋風玻璃上。(我們建議泊車證貼在車廂內擋風玻璃的左上方；當然您亦可選擇擋風玻璃上的任何位置，惟請先徹底清潔及抹乾該位置。)

2 請小心將無線射頻辨識標籤(正面向外)放在車廂內擋風玻璃的中央上方位置(即倒後鏡背面沒有金屬膜位置)，並與擋風玻璃邊位保留5厘米距離；當定位後，請將相應大小的靜電貼覆蓋其上，並以手指輕力擠壓，確保沒有氣泡，使標籤平順地貼在擋風玻璃上。

3 接著，將泊車證(正面向外)放置在車廂內擋風玻璃上的任何位置。當定位後，請將相應大小的靜電貼覆蓋其上，並以手指輕力擠壓，確保沒有氣泡，使泊車證平順地貼在擋風玻璃上。

無線射頻辨識標籤和泊車證簡易安裝指引

常見問題

1. 為什麼我需要預先登記車輛？

   為提升會員對泊車服務之體驗，本會於2020年在轄下所有停車場分階段引入無線射頻辨識系統。您必須預先登記車牌號碼，車輛才可出入停車場。每輛已登記的車輛將獲發一套新泊車證及無線射頻辨識標籤。

2. 我可以登記多少輛車？我可否付費登記額外車輛？

   每個會籍最多可登記三部車輛；在同一時間內只可於任何一個馬會停車場停泊一部車輛。

3. 需要登記費用嗎？若我需要更改已登記的車牌號碼，所需費用是多少？

   無需登記費用。每一個馬季內，您可以就每一套已登記的無線射頻辨識泊車證免費更改一次車牌號碼，而之後的每次更改，將收取行政費$150。

4. 如果我購置新車，並使用新的車牌號碼，我該如何處理？

   請於會員手機應用程式填妥電子表格;>，以便更新資料。會員可於本會完成車牌號碼更新後繼續沿用原有之無線射頻辨識泊車證。如有需要，請致電1812(每天上午9時至下午6時) 尋求協助。

5. 完成登記後，我將會收到什麼？

   每輛登記車輛都將根據已登記資料而獲發一套新泊車證及無線射頻辨識標籤。您可選擇於各會所或會員服務中心領取您的無線射頻辨識泊車證，或以掛號郵件收取。

6. 新泊車證的有效期為多久？

   新泊車證的使用期約為五年，換言之將會更耐用，並減少每個馬季更換泊車證的不便。當需要更新泊車證時，我們將會預先通知您並作出有關安排。

7. 我的親屬並非會員附屬卡持有人，我能登記他/她的車輛嗎？

   您可以登記三部車輛，擁有權並沒有限制。申領無線射頻辨識泊車證，除車牌號碼外，另請額外提供車主名稱及他們與主卡會員的關係。

8. 我的會籍類別已更改，我需要再次登記嗎？

   不需要。當會籍類別更改時，您並不需要再次登記車輛，我們會直接在系統中更新您的紀錄。請保留您的無線射頻辨識標籤，我們將另發一個新泊車證給您用作取代舊有之泊車證。

9. 我參加了雙魚河鄉村會所特許計劃，我會另外獲發一個獨立的雙魚河鄉村會所特許泊車證嗎？

   不會。如果您參加了雙河鄉村會所特許計劃，您將不會收到額外的特許泊車證。您會獲發一個電射標籤。請按指示把標籤貼於您的泊車證上。

10. 下個月起我將不續參加雙魚河鄉村會所特許計劃，我需要更換泊車證嗎？

    您不需要更換新泊車證。我們會直接在系統中更新您的紀錄，並請移除您的電射標籤。

11. 如果我已登記的車輛需要進行維修而使用替代車輛，我是否仍然可以使用馬會停車場？

    未經登記的車輛仍然可於平日，以來賓身分使用馬會停車場。而在周末，則需取得特別批核。如有查詢，歡迎致電1812(每天上午9時至下午6時)。

12. 我沒擁有車輛，也不會自行駕車去會所。每次我都是乘坐子女或朋友的車輛，而他們都不是會員。他們的車輛可以繼續使用會所停車場嗎？

    您可以登記三部車輛，不管登記車輛的車主是誰。我們建議會員可以登記最常乘坐的三部車輛。其他未經登記的車輛，則可以來賓身份在平日使用會所停車場。(因停車位於周末需求殷切，恕未能安排。)

13. 我擁有三部以上的車輛，我可以再獲得額外的登記名額嗎？

    我們建議您登記三部最常用的車輛。其他未經登記的車輛，則可以來賓身份在平日使用會所停車場。(因停車位於周末需求殷切，恕未能安排。)

Quick Guide to RFID Tag and Parking Label Installation

Installation Guide

The below is to guide Members on how to install RFID tags and parking labels on their vehicles.

Upon receiving an RFID Car Park Label pack, Members should check the small envelopes inside to make sure the vehicle numbers are correct and the RFID tags have the same tag numbers as printed on the envelopes.

Check to see whether the vehicle's windscreen has a UV-proof metallic coating. That will affect where the RFID tag should be affixed.

Identify an appropriate position on the windscreen for placing the RFID tag and parking label. Thoroughly clean and dry this area.

Affix BOTH the RFID tag and parking label firmly to the vehicle.

Does your vehicle have an ultraviolet (UV)-proof metallic coating windscreen installed by either the manufacturer or aftermarket?

Yes, it has UV-proof metallic coating | **No, it does NOT have UV-proof metallic coating** | **Mine is a motorcycle**

For your convenience, we have prepared a list of vehicles that do have an ultraviolet (UV)-proof metallic coating windscreen installed by the manufacturer. Whilst we have done our utmost to ensure that the list is accurate and complete as of May 2018, there may be other vehicles not listed here that may be of concern. If this list does not include your car, please refer to your car owner's manual or contact the dealer where you purchased your car. And you can always call our 1812 hotline or approach our Clubhouse concierge for assistance.

Quick Guide to RFID Tag and Parking Label Installation

Windscreen with UV-proof metallic coating

1 Thoroughly clean and dry the surface of the upper central portion of the interior windscreen (the area behind the rear view mirror without UV-proof metallic coating). Please note that the RFID tag MUST be placed in the area behind the rear-view mirror. (We recommend that the parking label be placed in the inside upper left-hand corner; however, you may choose to place it anywhere on the interior windscreen that is thoroughly clean and dry.)

2 Position the RFID tag, facing outward, 5cm away from the upper top edge of the central portion of the interior windscreen, in the area behind the rear view mirror (the area behind the rear view mirror without UV-proof metallic coating). Once properly aligned, place the corresponding electrostatic label on top and press firmly, using your fingertips to ensure that there are no air bubbles between it and the windscreen.

3 Next, position the parking label, facing outward, in your desired location on the interior windscreen. Place the corresponding electrostatic label on top and press firmly, using your fingertips to ensure that there are no air bubbles between it and the windscreen.

* Please note that the parking label illustrated above is for reference only. Your parking label may look slightly different.

Check to make sure you have done the following:

- ☑ Ensured that the vehicle numbers on the small envelopes are correct and the RFID tags have the same tag numbers as printed on the envelopes.
- ☑ Affixed BOTH the **RFID tag** and **parking label** onto your vehicle.

Motorcycle

1 Thoroughly clean and dry the back side of the right rear-view mirror OR the area of the exterior windscreen on your motorcycle where you wish to place the RFID tag.

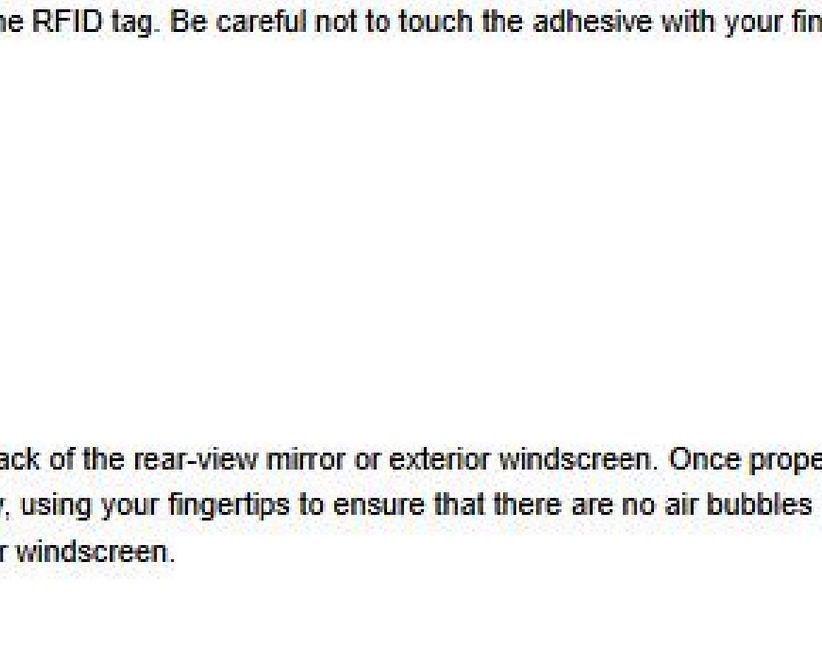

2 Carefully remove the backing paper from the RFID tag. Be careful not to touch the adhesive with your fingers.

3 Position the RFID tag horizontally on the back of the rear-view mirror or exterior windscreen. Once properly aligned in a horizontal position, press firmly, using your fingertips to ensure that there are no air bubbles between the tag and the rear-view mirror or windscreen.

Check to make sure you have done the following:

- ☑ Ensured that the vehicle numbers on the small envelopes are correct and the RFID tags have the same tag numbers as printed on the envelopes.
- ☑ Affixed the RFID tag and onto your vehicle.

Once the RFID tag is applied, DO NOT ATTEMPT TO REMOVE OR REPOSITION it. This will damage the tag and render it unusable.

DO NOT WASH the area around the RFID tag for a period of 72 hours to allow the adhesive time to cure.

Quick Guide to RFID Tag and Parking Label Installation

FAQ

1. **Why do I need to pre-register my vehicle(s)?**

   To enhance Members' parking experience, RFID technology was implemented at all car parks on Club premises in 2020. You must pre-register the licence plate number(s) of the vehicle(s) in order to drive in and out of the car parks. A set of parking label and RFID tag will be assigned to each registered vehicle.

2. **How many vehicles can I register? Can I pay to register additional vehicles?**

   Each Membership account can register up to three vehicles and only one vehicle may be parked at any Club premises at one time.

3. **Is there any fee for registration? What is the fee charged if I need to update my licence plate number?**

   Registration is free of charge. There is no fee imposed for the first update of your licence plate number registered for each RFID car park label within any one racing season. For each subsequent update within the same season, an administration fee of HK$150 will be levied.

4. **I have purchased a new vehicle with a new number plate. What should I do?**

   Please complete the electronic form from Member's Mobile App. Member may continue to use the same set of RFID car park label after the new Licence Plate Number is updated by the Club. For assistance, Members may call 1812 (9:00 am - 6:00 pm daily).

5. **What will I receive upon the completion of my registration?**

   You will receive one set of new parking label and RFID tag for each registered vehicle. Each set is uniquely assigned. You may select collection of the RFID car park label set at the Clubhouses, Members Services Centre or delivery by registered post.

6. **How long are the new car park labels valid for?**

   The new parking label is more durable and meant to last for around 5 years; hence, it minimizes the inconvenience of having to replace it every season. Prior to expiring, you will be notified and will receive a new one.

7. **My family member is not a Supplementary Cardholder. Can I register his/her vehicle?**

   There are no restrictions placed on the ownership of the three vehicles to be registered. For each of the RFID car park label, Members need to register the vehicle licence plate number, and declare the name of the vehicle owner and his/her/its relationship to the Principal Member.

8. **My Membership category has changed. Do I need to submit another registration form?**

   No, you do not need to submit any registration form when your Membership category changes and the change will be updated in our system accordingly. Please retain your RFID tag and we will send you a new car park label to replace the outdated one.

9. **I have joined the BRCC Concession Scheme. Will I receive a separate parking label for BRCC?**

   No, no separate parking label will be issued to Members who have joined the BRCC Concession Scheme. Instead, a holographic sticker will be provided to you. Please affix it onto the parking label according to the provided instructions.
